

Radar Status Overview

Mark Lester (Department of Physics and Astronomy, University of Leicester, Leicester, LE 1 7RH, UK) on behalf of the SuperDARN PIs

Email: mle@ion.le.ac.uk

In this presentation we provide an update on the status of each of the SuperDARN radars. We concentrate on any new developments and/or problems that have happened the last year. Further, we look at any future developments which may impact on the running of the radars.
